

# PTCC 2023 season - Social Secretary report 2022

To the members, your PTCC Social Secretary report for the 2022 season is as follows.

## Purpose

- Manager of the club social diary
- Planner and host of events
- Promoting club spirit
- Funds generation through club events

## Successful events

- Pre-season curry evening - a good warm up for the 2022 season in April, bringing together c.30 members and affiliates for a good old catch up and lots of pre-season discussion.
- Beer pong and sh!t shirt evening - successful at bringing some new faces to the pavilion for an enjoyable evening of beer pong. Unfortunately attendance was not as high as it could have been as the club was struck by a wave of COVID.

## Notable mentions

- Something that a number of members expressed to me through the course of the 2022 season was the increased presence of families during match days. It was great to see so many wives, husbands, girlfriends, boyfriends, children, grandparents, etc, etc, coming to support matches and sticking around for a drink after the games. As the season rolled on, it felt like new friendships were formed between families and the atmosphere and club culture really benefitted as a result. Ultimately this is what the running of a local club is all about - community!

## Future direction

- Further to prior comments made to the Committee, I, George Moses, will be stepping down from the role as Social Secretary given my family commitments at weekends, and work commitments during the week meaning I can rarely attend committee meetings.
- I wish the committee and members to know that this in no way dilutes my commitment or enthusiasm for the club, simply that I believe someone who can give more time and planning to social events would be a better candidate. I will still be busy around the club and getting involved as much as I can to help with the running of events and match day logistics.
- I would like to propose the new Social Secretary is Jordan Down whom I have already discussed the role with. Jordan is very keen to take on the role and bring a fresh wave social activity to the club over the course of the season. I believe that Jordan has already exemplified what an asset he is to the club and how well known he is around the dressing room during his first full season of playing in 2022.
